Colum is well-known in the White Eagle Community, since he began leading Services with his mother Ylana, his Aunt Joan and his brother Jeremy in 1978. Since then he has become very experienced at leading Study, Meditation and Retreats. He set up his own Publishing company, Polaire Publishing, which has an impressive Catalogue of Titles to complement the WEPT List. Currently he is developing the Meditation aspect of the WEL Wisdom School. For some years now he has also been involved with Braziers Community, in Oxfordshire, which is a long-lived non-religious Community. Colum will encourage us to expand our understanding of the relationship between our involvement in both our secular communities and our spiritual community within the White Eagle Lodge. He is also renowned for his lovely singing voice, and we

hope he will lead us in chanting during the day.

Colum Hayward talks about the spiritual component in community and the timeless Brotherhood which, in the case of the White Eagle Lodge, has united an international following around a simple idea of kindness and openness to the reality of higher worlds of beauty.

The Day will include Prayer, Meditation, & Music as well as Talks & Discussion, with our usual good fellowship over copious helpings of good vegetarian & vegan food! Do bring a savoury &/or sweet potlatch dish if you wish.

Please return this bottom section cut off, and remember to include your cheque!
